

IDENTIFIED MITIGATION PROJECTS – ACCOMACK COUNTY

| <u>ID</u> | <u>Action</u> | <u>Hazard(s) Addressed</u> | <u>Responsible Party</u> | <u>HMP Year/Start Timeline</u> | <u>2021 Status</u> | <u>2025 Status</u> | <u>Additional Info</u> |
|--------------------------------------|---|--|--|--|------------------------|------------------------|------------------------|
| ONGOING / EXISTING STRATEGIES | | | | | | | |
| 1 | Set a regional compatibility standard for emergency communications | Coastal Flooding / Sea Level Rise, Coastal Erosion, Saltwater Intrusion, High Wind (Tornado + Thunderstorm), Storm Surge, Extreme Heat, Wildfire, Drought, Severe Winter Weather, Hurricanes / Tropical Storms, Hazardous Materials, Cybersecurity, Pandemic | ESDPC | 2006 / 2006 | Ongoing | Ongoing | |
| 2 | Upgrade communications systems and provide for backup in the event of a communication failure | Coastal Flooding / Sea Level Rise, Coastal Erosion, Saltwater Intrusion, High Wind (Tornado + Thunderstorm), Storm Surge, Extreme Heat, Wildfire, Drought, Severe Winter Weather, Hurricanes / Tropical Storms, Hazardous Materials, Cybersecurity, Pandemic | ESDPC | 2006 / 2009 | Not Complete | Ongoing | Funding needed |
| 3 | Research allowed reimbursement under a Presidentially Declared Disaster and offer to train staff to take on emergency response tasks for pay during disaster events | Coastal Flooding / Sea Level Rise, Coastal Erosion, Saltwater Intrusion, High Wind (Tornado + Thunderstorm), Storm Surge, Extreme Heat, Wildfire, Drought, Severe Winter Weather, Hurricanes / Tropical Storms, Hazardous Materials, Cybersecurity, Pandemic | Accomack Co. Administration | 2006 / 2007 | Ongoing | Ongoing | |
| 4 | Institute a recruitment program for volunteer firefighters. Publicize details on how to volunteer on the County website. | Fire | Accomack Co. Administration | 2006 / 2007 | Ongoing | Ongoing | On County Website |
| 5 | Formalize and maintain the Residential Mitigation Project Waiting List | Coastal Flooding / Sea Level Rise, Coastal Erosion, Saltwater Intrusion, High Wind (Tornado + Thunderstorm), Storm Surge, Extreme Heat, Wildfire, Drought, Severe Winter Weather, Hurricanes / Tropical Storms, Hazardous Materials, Cybersecurity, Pandemic | ANPDC | 2011 / Ongoing | Ongoing | Ongoing | |
| 6 | Promote Hazard Mitigation at local community events and meetings. | Coastal Flooding / Sea Level Rise, Coastal Erosion, Saltwater Intrusion, High Wind (Tornado + Thunderstorm), Storm Surge, Extreme Heat, Wildfire, Drought, Severe Winter Weather, | Accomack Co. Emergency Management (ACEM) | 2011 / Ongoing | Ongoing | Ongoing | |

| | | | | | | | |
|----|---|--|------------------------------|-------------|--------------|---------|-------------------------------|
| | | Hurricanes / Tropical Storms, Hazardous Materials, Cybersecurity, Pandemic | | | | | |
| 7 | Emergency radio communications within the region are to be interoperable. | Coastal Flooding / Sea Level Rise, Coastal Erosion, Saltwater Intrusion, High Wind (Tornado + Thunderstorm), Storm Surge, Extreme Heat, Wildfire, Drought, Severe Winter Weather, Hurricanes / Tropical Storms, Hazardous Materials, Cybersecurity, Pandemic | ES 911 Commission | 2011 / 2011 | Ongoing | Ongoing | |
| 8 | Assess and define County staff emergency response responsibilities during disaster events and incorporate these duties into their job descriptions. | Coastal Flooding / Sea Level Rise, Coastal Erosion, Saltwater Intrusion, High Wind (Tornado + Thunderstorm), Storm Surge, Extreme Heat, Wildfire, Drought, Severe Winter Weather, Hurricanes / Tropical Storms, Hazardous Materials, Cybersecurity, Pandemic | Accomack Co. Human Resources | 2011 / 2012 | Ongoing | Ongoing | |
| 9 | Offer county staff CERT training. | Coastal Flooding / Sea Level Rise, Coastal Erosion, Saltwater Intrusion, High Wind (Tornado + Thunderstorm), Storm Surge, Extreme Heat, Wildfire, Drought, Severe Winter Weather, Hurricanes / Tropical Storms, Hazardous Materials, Cybersecurity, Pandemic | Accomack Co. Administration | 2011 / 2013 | Ongoing | Ongoing | Classes Offered Upon Interest |
| 10 | Set a regional compatibility standard for emergency communications | Coastal Flooding / Sea Level Rise, Coastal Erosion, Saltwater Intrusion, High Wind (Tornado + Thunderstorm), Storm Surge, Extreme Heat, Wildfire, Drought, Severe Winter Weather, Hurricanes / Tropical Storms, Hazardous Materials, Cybersecurity, Pandemic | ESDPC | 2006 / 2006 | Ongoing | Ongoing | |
| 11 | Upgrade communications systems and provide for backup in the event of a communication failure | Coastal Flooding / Sea Level Rise, Coastal Erosion, Saltwater Intrusion, High Wind (Tornado + Thunderstorm), Storm Surge, Extreme Heat, Wildfire, Drought, Severe Winter Weather, Hurricanes / Tropical Storms, Hazardous Materials, Cybersecurity, Pandemic | ESDPC | 2006 / 2009 | Not Complete | Ongoing | |
| 12 | Formalize and maintain the Residential Mitigation Project Waiting List | Coastal Flooding / Sea Level Rise, Coastal Erosion, Saltwater Intrusion, High Wind (Tornado + Thunderstorm), Storm Surge, Extreme Heat, Wildfire, Drought, Severe Winter Weather, Hurricanes / Tropical Storms, Hazardous Materials, Cybersecurity, Pandemic | ANPDC | 2006 / 2006 | Ongoing | Ongoing | |

| | | | | | | | |
|----|--|--|---|-------------------------------|--------------|--------------|---------------------------|
| 13 | Drainage Survey of Nelsonia, north of Fisher Corner and Route 13 | Storm Water Flood, Biohazard | VDOT, Accomack Co. Public Works | 2006 / 2008 | Not Complete | Not Complete | Must coordinate with VDOT |
| 14 | After any presidentially declared disaster, manage Residential and Commercial Mitigation Projects that address the most critical damage that has occurred. | Coastal Flooding / Sea Level Rise, Coastal Erosion, Saltwater Intrusion, High Wind (Tornado + Thunderstorm), Storm Surge, Extreme Heat, Wildfire, Drought, Severe Winter Weather, Hurricanes / Tropical Storms, Hazardous Materials, Cybersecurity, Pandemic | ACC&ED | 2006 / Post-declared disaster | Ongoing | Ongoing | |
| 15 | Continue a comprehensive drainage plan that identifies specific projects to improve drainage. | Flood | Accomack Co. Public Works, VDOT | 2011 / Ongoing | Ongoing | Ongoing | |
| 16 | Amend the future land use map and zoning ordinance to direct high density development away from critically eroding shorelines identified as high erosion areas (loss of greater than one foot per year) in the VIMS Shoreline Situation Report for Accomack County. | Erosion | ACC&ED | 2011 / Ongoing | Ongoing | Ongoing | |
| 17 | Mitigate public infrastructure against damage caused by natural disasters. For example, hurricane shutters, flood-proofing, etc. | Coastal Flooding / Sea Level Rise, Coastal Erosion, Saltwater Intrusion, High Wind (Tornado + Thunderstorm), Storm Surge, Extreme Heat, Wildfire, Drought, Severe Winter Weather, Hurricanes / Tropical Storms, Hazardous Materials, Cybersecurity, Pandemic | Accomack Co. Public Works | 2011 / Post-declared disaster | Ongoing | Ongoing | |
| 18 | Mitigation of flood prone properties (to include, but not limited to acquisition, elevation, relocation, and dry and wet flood proofing of flood prone structures, and mitigation reconstruction for NFIP defined SRL properties only). | Flood | ACC&ED | 2011 / Post-declared disaster | Ongoing | Ongoing | |
| 19 | Develop programs to encourage conservation of barrier islands, marsh land, forested areas, and creek corridors. When consistent with habitat conservation goals, alternatives to fee-simple ownership, such as conservation easements or lease-back agreements should be encouraged to keep property on the tax rolls and in productive use. | Flood, Erosion | Accomack Co. Administration, The Nature Conservancy, Eastern Shore of Virginia Land Trust | 2011 / Ongoing | Ongoing | Ongoing | |
| 20 | Maintain the Residential Mitigation Project Waiting List | Coastal Flooding / Sea Level Rise, Coastal Erosion, Saltwater Intrusion, High Wind (Tornado + Thunderstorm), Storm Surge, Extreme Heat, Wildfire, Drought, Severe Winter Weather, | ANPDC | 2011 / Ongoing | Ongoing | Ongoing | |

| | | | | | | | |
|----|--|--|---------------------|----------------|--------------|-------------|--|
| | | Hurricanes / Tropical Storms, Hazardous Materials, Cybersecurity, Pandemic | | | | | |
| 21 | Send out information encouraging residents to purchase contents and structure flood insurance to all homes and businesses located in the County's regulated flood zones. | Flood | ACC&ED | 2006 / Yearly | Ongoing | Ongoing | Funding, done quarterly in repetitive loss areas |
| 22 | Put out an education brochure on tree plantings benefits. Consider using the information developed by VDEM for Hurricane Isabel. | Erosion, Flood | ACEM | 2011 / 2012 | Not Starting | Not Started | Funding, staffing |
| 23 | Put out an education brochure on benefits from burying property power lines. Consider using the information developed by VDEM for Hurricane Isabel. | Ice & Snow, Wind, Fire | ACEM | 2011 / 2012 | Not Starting | Not Started | Funding, staffing |
| 24 | Disseminate information encouraging residents and businesses to purchase contents and structure flood insurance. | Flood | ACEM, ACC&ED | 2011 / 2012 | Ongoing | Ongoing | In brochure mailed to all residence as well as handed out during preparedness talks, in quarterly mailing to repetitive loss areas |
| 25 | Maintain an Emergency Management website that contains emergency preparedness information for residents and businesses. | Coastal Flooding / Sea Level Rise, Coastal Erosion, Saltwater Intrusion, High Wind (Tornado + Thunderstorm), Storm Surge, Extreme Heat, Wildfire, Drought, Severe Winter Weather, Hurricanes / Tropical Storms, Hazardous Materials, Cybersecurity, Pandemic | ACEM | 2011 / Ongoing | Ongoing | Ongoing | A subset of the County website and has information on there |
| 26 | Include details of volunteer opportunities on the County website. | Coastal Flooding / Sea Level Rise, Coastal Erosion, Saltwater Intrusion, High Wind (Tornado + Thunderstorm), Storm Surge, Extreme Heat, Wildfire, Drought, Severe Winter Weather, Hurricanes / Tropical Storms, Hazardous Materials, Cybersecurity, Pandemic | Accomack Co. Admin. | 2011 / 2012 | Ongoing | Ongoing | |
| 27 | Produce an emergency preparedness brochure that includes local information to be mailed to residents and businesses. | Coastal Flooding / Sea Level Rise, Coastal Erosion, Saltwater Intrusion, High Wind (Tornado + Thunderstorm), Storm Surge, Extreme Heat, Wildfire, Drought, Severe Winter Weather, Hurricanes / Tropical Storms, Hazardous Materials, Cybersecurity, Pandemic | ACEM | 2011 / 2013 | Ongoing | Ongoing | Sent in 2017, needs to be sent again, Funding |
| 28 | Disseminate information on wind-protection systems (hurricane shutters, etc.) to residents and businesses. | Wind | ACEM | 2011 / 2012 | Ongoing | Ongoing | Information handed out during presentations |

| | | | | | | | |
|----|--|--|-----------------------------|-------------|--------------|--------------|--|
| 29 | Provide FEMA mitigation-related publications to residents and businesses via the public library. | Coastal Flooding / Sea Level Rise, Coastal Erosion, Saltwater Intrusion, High Wind (Tornado + Thunderstorm), Storm Surge, Extreme Heat, Wildfire, Drought, Severe Winter Weather, Hurricanes / Tropical Storms, Hazardous Materials, Cybersecurity, Pandemic | ACC&ED | 2011 / 2012 | Ongoing | Ongoing | FEMA documents included in Public Library as part of CRS |
| 30 | Encourage implementation of emergency generator power serving public water and wastewater systems. | Ice & Snow, Wind | Accomack Co. Public Works | 2011 / 2013 | | Not Started | Funding, Wastewater Systems migrated to HRSD |
| 31 | Coordinate with Town Staffs to man town shelters | Coastal Flooding / Sea Level Rise, Coastal Erosion, Saltwater Intrusion, High Wind (Tornado + Thunderstorm), Storm Surge, Extreme Heat, Wildfire, Drought, Severe Winter Weather, Hurricanes / Tropical Storms, Hazardous Materials, Cybersecurity, Pandemic | Accomack Co. Administration | 2006 / 2007 | Not Complete | Not Complete | Staff |
| 32 | Investigate a paid reservist program to be strong to 7 emergency shelters. | Coastal Flooding / Sea Level Rise, Coastal Erosion, Saltwater Intrusion, High Wind (Tornado + Thunderstorm), Storm Surge, Extreme Heat, Wildfire, Drought, Severe Winter Weather, Hurricanes / Tropical Storms, Hazardous Materials, Cybersecurity, Pandemic | Accomack Co. Administration | 2006 / 2008 | Not Complete | Not Complete | Staff |
| 33 | Approach local growers thru the Migrant Council to ask for tax-deductible donations to support and offset sheltering costs for migrants during natural disasters. | Coastal Flooding / Sea Level Rise, Coastal Erosion, Saltwater Intrusion, High Wind (Tornado + Thunderstorm), Storm Surge, Extreme Heat, Wildfire, Drought, Severe Winter Weather, Hurricanes / Tropical Storms, Hazardous Materials, Cybersecurity, Pandemic | Accomack Co. Administration | 2006 / 2008 | Not Complete | Not Complete | Staff/ Coordination |
| 34 | Provide busing for evacuated Tangiermen from Crisfield, Maryland to shelters in Somerset County or bring them to Accomack County shelters. Prepare Tangier residents before any storms on where and how this system will work. | Flood, Wind, Ice & Snow | Accomack Co. Public Safety | 2006 / 2006 | Not Complete | Not Complete | Funding/ Coordination |
| 35 | Define special needs populations in the County. | Coastal Flooding / Sea Level Rise, Coastal Erosion, Saltwater Intrusion, High Wind (Tornado + Thunderstorm), Storm Surge, Extreme Heat, Wildfire, Drought, Severe Winter Weather, Hurricanes / Tropical Storms, Hazardous Materials, Cybersecurity, Pandemic | ACEM | 2011 / 2012 | Ongoing | Ongoing | |
| 36 | Develop an emergency coordination plan for defined special needs populations in the County. | Coastal Flooding / Sea Level Rise, Coastal Erosion, Saltwater Intrusion, High Wind (Tornado | ACEM | 2011 / 2013 | Ongoing | Ongoing | |

| | | | | | | | |
|--|--|--|--|----------------|----------|--------------|---|
| | | + Thunderstorm), Storm Surge, Extreme Heat, Wildfire, Drought, Severe Winter Weather, Hurricanes / Tropical Storms, Hazardous Materials, Cybersecurity, Pandemic | | | | | |
| 37 | Assure that the residents of Tangier Island have access to emergency shelters on the mainland during a disaster. | Coastal Flooding / Sea Level Rise, Coastal Erosion, Saltwater Intrusion, High Wind (Tornado + Thunderstorm), Storm Surge, Extreme Heat, Wildfire, Drought, Severe Winter Weather, Hurricanes / Tropical Storms, Hazardous Materials, Cybersecurity, Pandemic | ACEM | 2011 / Ongoing | Ongoing | Ongoing | Will be housed in existing shelters on the mainland |
| 38 | Disseminate Spanish language emergency preparedness information to the Hispanic community via camps, churches, Telemon, and other primarily Hispanic outlets. | Coastal Flooding / Sea Level Rise, Coastal Erosion, Saltwater Intrusion, High Wind (Tornado + Thunderstorm), Storm Surge, Extreme Heat, Wildfire, Drought, Severe Winter Weather, Hurricanes / Tropical Storms, Hazardous Materials, Cybersecurity, Pandemic | ESDPC | 2011 / Ongoing | Ongoing | Ongoing | This is in progress as well as information on how to access emergency notifications via phone |
| NEW 2025 STRATEGIES | | | | | | | |
| 39 | Obtain Pictometry Imagery for County to determine structures at risk of flooding for which no flood elevation certificate is available. | Coastal Flooding / Sea Level Rise, Storm Surge, Hurricanes / Tropical Storms, Hazardous Materials, | ACC&ED, ESVA 911 Center | | | Not Complete | Funding |
| 40 | Maintain participation in the Community Rating System with the goal of becoming a stronger Class 5 community | Coastal Flooding / Sea Level Rise, Storm Surge, Hurricanes / Tropical Storms | ACC&ED, ACPS | | | Ongoing | Staffing/Funding/Coordination |
| COMPLETED OR DELETED STRATEGIES | | | | | | | |
| 1 | Send a letter to the Town of Keller Council recommending the Town join the National Flood Insurance Program so that federal mitigation funds can become available for use within the flood zones in the Town in case of disaster. | Flood | Accomack Co. Building & Zoning (ACB&Z) | 2006 / 2007 | Complete | Complete | |
| 2 | Send letters to Town Councils of Accomac, Bloxom, Melfa, Onley, Painter, and Parksley advising the Towns that joining the National Flood Insurance Program will allow residents with stormwater flooding problems to purchase flood insurance. | Flood | Accomack Co. Community & Economic Development (ACC&ED) | 2006 / 2007 | Complete | Complete | Accomac, Bloxom, Onley, and & Parksley currently participate in the NFIP |

| | | | | | | | |
|----|---|-------------------------|---------------------------------|------------------------------------|----------|----------|---|
| 3 | Obtain funding for a generator hookup for the Eastern Shore Community College | Flood, Ice & Snow, Wind | Eastern Shore Community College | 2006 / Post-declared disaster | Complete | Complete | |
| 4 | Obtain funding for a generator hookup for the Eastern Shore Community College | Flood, Ice & Snow, Wind | Eastern Shore Community College | 2006 / Post-declared disaster | Complete | Complete | |
| 5 | The following traffic lights should be retrofitted to have backup power installed in order of importance: | Ice & Fire, Wind | VDOT | 2006 (1-2) 2011 (3-5) / 2007 | | Complete | All stoplights in Accomack County now have backup power |
| 5a | 1. Four Corners Traffic Light (Rt. 13 and Rt. 179), T's Corner Traffic Light (Rt. 13 and Rt. 175), Traffic Light on Chincoteague Road (Rt. 175) | Ice & Fire, Wind | VDOT | 2006 (1-2) 2011 (3-5) / 2007 | | Complete | All stoplights in Accomack County now have backup power |
| 5b | 2. Rt. 13 and Rt. 187 in Nelsonia | Ice & Fire, Wind | VDOT | 2006 (1-2) 2011 (3-5) / 2007 | | Complete | All stoplights in Accomack County now have backup power |
| 5c | 3. Rt. 13 & Rt. 180, Wachapreague Rd. | Ice & Fire, Wind | VDOT | 2006 (1-2) 2011 (3-5) / 2007 | | Complete | All stoplights in Accomack County now have backup power |
| 5d | 4. Rt. 13 & Madigan Way at Wal-Mart in Onley | Ice & Fire, Wind | VDOT | 2006 (1-2) 2011 (3-5) / 2007 | | Complete | All stoplights in Accomack County now have backup power |
| 5e | 5. Rt. 13 & entrance to Food Lion Shopping Center at T's Corner | Ice & Fire, Wind | VDOT | 2006 (1-2) 2011 (3-5) / 2007 | | Complete | All stoplights in Accomack County now have backup power |
| 6 | Obtain funding for a generator hookup for the Eastern Shore Community College. | Ice & Snow, Wind | ESCC | 2011 / Post-declared disaster | Complete | Complete | New building has a commercial generator |

IDENTIFIED MITIGATION PROJECTS – TOWN OF ACCOMACK

| <u>ID</u> | <u>Town</u> | <u>Action</u> | <u>Hazard(s) Addressed</u> | <u>Responsible Entity</u> | <u>HMP Year/Start Timeline</u> | <u>2021 Status</u> | <u>2025 status</u> | <u>Additional Info</u> |
|----------------------------|-------------|--|---|-----------------------------|--------------------------------|--------------------|--------------------|--|
| NEW 2025 STRATEGIES | | | | | | | | |
| 1 | Accomack | Incorporate the Eastern Shore of Virginia Hazard Mitigation Plan into the Town Plan. | Coastal Flooding / Sea Level Rise, Coastal Erosion, Saltwater Intrusion, High Wind (Tornado + Thunderstorm), Storm Surge, Extreme Heat, Wildfire, Drought, Severe Winter Weather, Hurricanes / Tropical Storms, Hazardous Materials, Cybersecurity, Pandemic | Town Staff | During next Town Plan update | | Ongoing | Town plan in progress of being updated – estimated completion early 2026 |
| 2 | Accomack | Dredge the ditches in order to alleviate stormwater flooding damages and dangers. | Storm Water Flood, Biohazard | VDOT, Town Staff, Residents | Started planning July 2025 | | Ongoing | Plan confirmed, next step to obtain resident signatures. |
| 3 | Accomack | Promote Hazard Mitigation at local community events and meetings. | All -Coastal Flooding / Sea Level Rise, Coastal Erosion, Saltwater Intrusion, High Wind (Tornado + Thunderstorm), Storm Surge, Extreme Heat, Wildfire, Drought, Severe Winter Weather, Hurricanes / Tropical Storms, Hazardous Materials, Cybersecurity, Pandemic | Town and County Staff | Ongoing | | Ongoing | Education initiatives |

IDENTIFIED MITIGATION PROJECTS – TOWN OF BLOXOM

| <u>ID</u> | <u>Town</u> | <u>Action</u> | <u>Hazard(s) Addressed</u> | <u>Responsible Entity</u> | <u>HMP Year/Start Timeline</u> | <u>2021 Status</u> | <u>2025 status</u> | <u>Additional Info.</u> |
|--------------------------------------|-------------|---|----------------------------|---------------------------|--------------------------------|--------------------|--------------------|-------------------------|
| ONGOING / EXISTING STRATEGIES | | | | | | | | |
| 1 | Bloxom | Incorporate the Eastern Shore of Virginia | ALL | Town Staff | During next | Ongoing | | No Town |

| | | | | | | | | |
|--|--------|---|------------------------------|------------------------------|-------------------------|-------------|--|------------------|
| | | Hazard Mitigation Plan into the Bloxom Town Plan. | | | Town Plan update | | | Plan update yet. |
| 2 | Bloxom | Mitigate against natural disasters. | ALL | Town Staff, Residents | Post- declared disaster | Ongoing | | |
| 3 | Bloxom | Retrofit the undersized box culverts in Bloxom to mitigate stormwater flooding. | Storm Water Flood, Biohazard | VDOT | Post- declared disaster | Not Started | | VDOT |
| 4 | Bloxom | Promote Hazard Mitigation at local community events and meetings. Acquire or develop materials to cater to the increasing diversity of the population. | ALL | Town & County Staff | 2011 | Ongoing | | |
| 5 | Bloxom | Regular maintenance of the stormwater drains and the ditches to prevent flooding. | Storm Water Flood, Biohazard | VDOT, Town Staff, Residents | Immediately, 2017 | Ongoing | | |
| 6 | Bloxom | Build a staging area (point of distribution), ideally with electric (and generator), water, and minimum commercial equipment (such as microwave, refrigerator, etc.). Ideal location is the Town Square area. | ALL | Town, FEMA | Immediately, 2017 | Not Started | | Funding |
| 7 | Bloxom | Groundwater resources research, particularly to address shallow well concerns. | Well Contamination, Drought | Town, Ground Water Committee | Immediately, 2017 | Not Started | | Funding |
| NEW 2025 STRATEGIES | | | | | | | | |
| | | | | | | | | |
| COMPLETED OR DELETED STRATEGIES | | | | | | | | |
| 1 | Bloxom | Join the National Flood Insurance Program. | Flood | Town Staff | Post- declared disaster | Complete | | |
| 2 | Bloxom | Dredge the ditches in order to alleviate stormwater flooding damages and dangers. | Storm Water Flood, Biohazard | VDOT | 2011 | Complete | | |

IDENTIFIED MITIGATION PROJECTS – TOWN OF CHINCOTEAGUE

| ID | Action | Hazard(s) Addressed | Responsible Party | HMP Year/Start Timeline | 2021 Status | 2025 Status | Add'l. Info. |
|--------------------------------------|---|--|------------------------------|-------------------------------|------------------------|----------------|--|
| ONGOING / EXISTING STRATEGIES | | | | | | | |
| 1 | Set a regional compatibility standard for emergency communications | Coastal Flooding / Sea Level Rise, Coastal Erosion, Saltwater Intrusion, High Wind (Tornado + Thunderstorm), Storm Surge, Extreme Heat, Wildfire, Drought, Severe Winter Weather, Hurricanes / Tropical Storms, Hazardous Materials, Cybersecurity, Pandemic | ESDPC | 2006 / 2006 | Ongoing | Ongoing | |
| 2 | Raise, retrofit, or replace Causeway with a bridge so the Island is still accessible during flooding events | Flood | VDOT | 2016 | Not Started | Not Started | Funding needed |
| 3 | Partner with federal agencies to perform beach nourishment on Assateague Island to mitigate erosion and flooding hazards | Erosion, Flood | NPS, USFWS, USACE | 2016 | Ongoing | Ongoing | On County Website |
| 4 | Mitigation of flood prone properties to include acquisition, elevation, relocation, dry and wet flood proofing, mitigation reconstruction for NFIP defined SRL properties, and drainage infrastructure improvements | Flood, Erosion, Storm Water | A-NPDC & Town | Post-declared disaster | Some Complete, Ongoing | Ongoing | |
| 5 | Prepare and plan for mitigation of coastal erosion along the southern shoreline | Erosion, Flood | Planning Council | 2012 | Ongoing | Ongoing | Accomac, Bloxom, Onley, and & Parksley currently participate in the NFIP |
| 6 | Flood proof commercial buildings along Main Street to mitigate flooding hazards | Flood | Town & Main Street Merchants | 2012 | Not Started | Ongoing | As redevelopment/ building improvements are made |
| 7 | Use hazard mitigation funds to retrofit commercial and residential structures | Flood | Building & Zoning | Post-declared disaster | Ongoing | Ongoing | |
| 8 | Manage a home elevation project; using a cost-benefit analysis, focusing on reducing risk to the most vulnerable primary housing | Flood | Building & Zoning | Post-declared disaster | Ongoing | Ongoing | |

| | | | | | | | |
|----------------------------|--|--|------------------------------|----------|-------------------|-------------|---|
| 9 | Investigate the possibility of shoulders or enlarging pull-offs on the causeway to aid traffic control during evacuations | Flood, Fire, Snow, Ice | VDOT | 2006 | Not Started | Not Started | |
| 10 | Increase the safety of residents and visitors by increasing shoulders and improving sidewalks | Flood, Fire, Ice | VDOT | 2016 | Sidewalks Ongoing | Ongoing | |
| 11 | Implement a public information campaign on the benefits of flood insurance with a focus on Chincoteague's local needs | Flood | Town | Annually | Ongoing | Ongoing | |
| 12 | Protect new construction by continuing to enforce the building code provisions protecting structures from flooding and wind events. | Wind, Flood, Fire | Building & Zoning | Ongoing | Ongoing | Ongoing | |
| 13 | Develop enforceable standards for fill and drainage to mitigate flooding hazards. | Flood, Storm Water, Biohazards | Town | 2012 | Ongoing | Ongoing | |
| 14 | Widen the Route 175 Causeway including expansion of shoulders, construction of an emergency lane/bike lane, and construction of a center safety barrier to maintain a safe corridor. | Flood, Fire, Ice, Snow | VDOT, State | 2011 | Not Started | Funding | |
| 15 | Identify and map tourist lodging for use in emergencies | Coastal Flooding / Sea Level Rise, Coastal Erosion, Saltwater Intrusion, High Wind (Tornado + Thunderstorm), Storm Surge, Extreme Heat, Wildfire, Drought, Severe Winter Weather, Hurricanes / Tropical Storms, Hazardous Materials, Cybersecurity, Pandemic | Town and USFWS | 2006 | Ongoing | Ongoing | |
| 16 | Identify locations of functional and access needs populations using newest U.S. Census data and emergency management/response personnel personal knowledge | Coastal Flooding / Sea Level Rise, Coastal Erosion, Saltwater Intrusion, High Wind (Tornado + Thunderstorm), Storm Surge, Extreme Heat, Wildfire, Drought, Severe Winter Weather, Hurricanes / Tropical Storms, Hazardous Materials, Cybersecurity, Pandemic | Planning Council & EMS | 2011 | Ongoing | Ongoing | |
| NEW 2025 STRATEGIES | | | | | | | |
| 17 | Mitigate storm surge flooding at Main/Maddox (Rte 175) drawbridge | Flood, Stormwater | VDOT, Planning Council, Town | 2025 | Not Started | Funding | Public Works Committee discussion; need VDOT buy-in |
| 18 | Encourage construction of living shorelines and other environmentally beneficial practices | Coastal Flooding / Sea Level Rise, Coastal Erosion, Saltwater Intrusion, High Wind (Tornado + Thunderstorm), Storm Surge | Planning Council & Town | 2025 | Ongoing | Ongoing | |

| | | | | | | | |
|--|--|--|------------------------------|------|-------------|-------------|--|
| 19 | Work with HRSD and DEQ to eliminate cesspools and failing septic systems | Biohazard | State, Town, ANPDC | 2025 | Ongoing | Ongoing | |
| 20 | Assess Town communication and power infrastructure for critical gaps | Coastal Flooding / Sea Level Rise, Coastal Erosion, Saltwater Intrusion, High Wind (Tornado + Thunderstorm), Storm Surge, Extreme Heat, Wildfire, Drought, Severe Winter Weather, Hurricanes / Tropical Storms, Hazardous Materials, Cybersecurity, Pandemic | Town, ANEC | 2025 | Not Started | Not Started | |
| 21 | Work with NASA to relocate drinking wells due to PFAs contamination | Hazardous Materials | Town, NASA | 2023 | Ongoing | Ongoing | Town has purchased property for relocation of wells; need to acquire funding for testing |
| COMPLETED OR DELETED STRATEGIES | | | | | | | |
| 1 | Investigate potential tertiary locations for a Chincoteague Emergency Operations Center located off the Island in northern Accomack County | Coastal Flooding / Sea Level Rise, Coastal Erosion, Saltwater Intrusion, High Wind (Tornado + Thunderstorm), Storm Surge, Extreme Heat, Wildfire, Drought, Severe Winter Weather, Hurricanes / Tropical Storms, Hazardous Materials, Cybersecurity, Pandemic | Emergency Services | 2009 | Complete | Complete | |
| 2 | Study and map critical infrastructure including new FEMA wave analysis | Flood | Planning and Zoning | 2013 | Complete | Complete | |
| 3 | Perform a storm water infrastructure improvement project on Maddox Boulevard at the traffic circle to reduce frequent flooding of access corridor to National Seashore and Wildlife Refuge | Storm Water, Biohazards | Public Works | 2012 | Ongoing | Complete | |
| 4 | Coordinate functional and access needs assessment into the Town's Emergency Operations Plan | Coastal Flooding / Sea Level Rise, Coastal Erosion, Saltwater Intrusion, High Wind (Tornado + Thunderstorm), Storm Surge, Extreme Heat, Wildfire, Drought, Severe Winter Weather, Hurricanes / Tropical Storms, Hazardous Materials, Cybersecurity, Pandemic | Planning Council & EMS | 2011 | Ongoing | Complete | |

IDENTIFIED MITIGATION PROJECTS – TOWN OF HALLWOOD

| <u>ID</u> | <u>Town</u> | <u>Action</u> | <u>Hazard(s) Addressed</u> | <u>Responsible Entity</u> | <u>HMP Year/Start Timeline</u> | <u>2021 Status</u> | <u>2025 Status</u> | <u>Additional Info</u> |
|--------------------------------------|-------------|---|------------------------------|--|--|------------------------|------------------------|----------------------------|
| ONGOING / EXISTING STRATEGIES | | | | | | | | |
| 1 | Hallwood | Incorporate the Eastern Shore of Virginia Hazard Mitigation Plan into the Hallwood Town Plan. | ALL | Town Staff | During next Town. Plan update | Ongoing | | |
| 2 | Hallwood | Mitigate flooding and wind hazards in Hallwood. | Flood | Town, FEMA, Residents | Post- declared disaster | Ongoing | | |
| 3 | Hallwood | Retrofit the undersized box culverts in Hallwood to mitigate stormwater flooding problems. | Storm Water Flood, Biohazard | VDOT | Post- declared disaster | Not Started | | VDOT |
| 4 | Hallwood | Promote Hazard Mitigation at local community events and meetings. | ALL | Town & County Staff | 2011 | Ongoing | | |
| 5 | Hallwood | Conduct public education and outreach efforts within Town to raise awareness and promote participation of the NFIP. | Flood | Town Staff, Coordinator (*if regional position created/funded) | 2011 | Ongoing | | |
| 6 | Hallwood | Provide educational information to residents about the burn permit process. | Fire | Town Staff, County Emergency Management | 2011 | Ongoing | | |
| 7 | Hallwood | Investigate the use of large drainage ditches as fuel breaks to mitigate wildfires. | Fire, Storm Water Flood | Town Staff, County Emergency Management | 2011 | Not Started | | Lack of Staff, Funding |
| 8 | Hallwood | Encourage water conservation among residents during droughts. | Drought | Town & County Staff | 2011 | Ongoing | | |
| 9 | Hallwood | Removal of dilapidated structures | Flood, Fire, | Town Council | 2016 | Ongoing | | |

| | | | | | | | | |
|--|----------|---|--|-------|--|------|----------|--|
| | | | | Wind | | | | |
| NEW 2025 STRATEGIES | | | | | | | | |
| | | | | | | | | |
| COMPLETED OR DELETED STRATEGIES | | | | | | | | |
| 1 | Hallwood | Work with residents to ensure that they are paying the appropriate amount for their NFIP flood insurance policies, since there are residents paying higher than necessary premiums in Town. | | Flood | Town Staff, Coordinator (*if regional position created/funded) | 2011 | Complete | |

IDENTIFIED MITIGATION PROJECTS – TOWN OF KELLER

| <u>ID</u> | <u>Town</u> | <u>Action</u> | <u>Hazard(s) Addressed</u> | <u>Responsible Entity</u> | <u>HMP Year/Start Timeline</u> | <u>2021 Status</u> | <u>2025 status</u> | <u>Additional Info</u> |

| ONGOING / EXISTING STRATEGIES | | | | | | | | |
| 1 | Tangier | Incorporate the Eastern Shore of Virginia Hazard Mitigation Plan into the Tangier Town Plan. | ALL | Town Staff | During next Town Plan update | Not Started | | No Plan update yet |
| 2 | Tangier | Mitigate erosion, flooding, and wind hazards in Tangier. | Erosion, Flood, Wind | Town, FEMA | Post-declared disaster | Ongoing | | |
| 3 | Tangier | Retrofit the undersized box culverts in Tangier and have regular maintenance to ensure culverts are not blocked to mitigate stormwater flooding problems. | Storm Water Flood, Biohazard | VDOT, Town must request | Post-declared disaster | Not Started | | Funding |
| 4 | Tangier | Retrofit critical facilities in Tangier with backup power supplies. | Flood, Wind, Ice & Snow | Town | 2011 | Ongoing | | |
| 5 | Tangier | Obtain funding to purchase an emergency boat for the Tangier Fire Department to better protect residents and structures from fire damage during flood events | Fire, Flood | Town, FEMA | 2011 | Not Started | | Funding |
| 6 | Tangier | Promote Hazard Mitigation at local community events and meetings. | ALL | Town & County Staff | 2011 | Ongoing | | |
| 7 | Tangier | Properly maintain and regularly sample the Town wells to ensure safe water supply and a system that is able to cope with a dynamic natural system. | Well Contamination | Town | 2016 | Ongoing | | |
| 8 | Tangier | Retrofit the electric line elevated power point on Watts Island, which is currently being negatively impacted by erosion, to ensure continued, uninterrupted power on the Island. | Flood, Erosion, Wind | ANEC | 2016 | Ongoing | | ANEC willing, permit process challenging |
| 9 | Tangier | Create shoreline protection on the eastern shore of the Island. | Erosion, Flood | FEMA, USACE, | 2016 | Ongoing | | Working with A- NPDC |

| | | | | | | | | |
|--|---------|---|----------------|--------------------------------|------|-------------|--|---------------------|
| | | | | Town must request | | | | |
| 11 | Tangier | Investigate use of sediment (from dredging operations) to address marsh loss. | Erosion, Flood | FEMA, USACE, Town must request | 2016 | Ongoing | | Working with A-NPDC |
| 12 | Tangier | Work towards having the health center as the location for an emergency shelter, as it is the best rated against winds, etc. | ALL | Town | 2016 | Ongoing | | |
| 13 | Tangier | Create and implement a mosquito control plan to prevent potential illnesses such as Zika. | Biohazards | Town | 2016 | Not Started | | Funding |
| 14 | Tangier | Work with VDOT on current issues with the roads and on a long-term plan for addressing flooding and SLR. | ALL | VDOT, Town must request | 2016 | Not Started | | Funding, VDOT |
| NEW 2025 STRATEGIES | | | | | | | | |
| | | | | | | | | |
| COMPLETED OR DELETED STRATEGIES | | | | | | | | |
| 1 | Tangier | Repair and reinforce the sea wall on the western shore of the Island to reduce erosion and protect the airfield. | Erosion, Flood | FEMA, USACE, Town must request | 2016 | Complete | | |

COMPLETED OR DELETED STRATEGIES

| | | | | | | | | |
|---|--------------|--|-------|------|------------------------|----------|--|--|
| 4 | Wachapreague | Attain "High Water" and "Flooding" signs to be used primarily along Atlantic Ave. during flood events. | Flood | Town | Post-declared disaster | Complete | | |
|---|--------------|--|-------|------|------------------------|----------|--|--|

IDENTIFIED MITIGATION PROJECTS – NORTHAMPTON COUNTY

| ID | <u>Action</u> | <u>Hazard(s) Addressed</u> | <u>Responsible Party</u> | <u>HMP Year/Start Timeline</u> | <u>2021 Status</u> | <u>2025 Status</u> | <u>Additional Info</u> |
|--------------------------------------|---|---|------------------------------------|--|------------------------|------------------------|---|
| ONGOING / EXISTING STRATEGIES | | | | | | | |
| 1 | Upgrade communications systems and provide for backup in the event of a communication failure, provide for interoperability and redundancy | Coastal Flooding / Sea Level Rise, Coastal Erosion, Saltwater Intrusion, High Wind (Tornado + Thunderstorm), Storm Surge, Extreme Heat, Wildfire, Drought, Severe Winter Weather, Hurricanes / Tropical Storms, Hazardous Materials, Cybersecurity, Pandemic) | Northampton Co. Emergency Services | 2022 | | Ongoing | |
| 2 | Institute a recruitment program for volunteer firefighters and EMS. Publicize details on how to volunteer on the County website. | Fire and Safety | Northampton Co. Admin. | 2006 / 2007 | Ongoing | Ongoing | |
| 3 | Evaluate and develop a priority list of residential and commercial properties that qualify for the HMGP | Flood | A-NPDC & localities | 2011 | Ongoing | Ongoing | |
| 4 | Maintain a Conservation Preservation Zoning District encompassing coastal areas. | Flood, Erosion, Well Contamination | Northampton Co. Admin. | | 2006 | Ongoing | Ongoing |
| 5 | Enforce the primary dune ordinance. | Flood, Erosion, Well Contamination | Northampton Co. Planning & Zoning | | 2006 | Ongoing | Ongoing |
| 6 | Consider incentives in the zoning ordinance for developers who reserve land or take other measures to preserve both primary and secondary sand dunes. | Flood, Erosion, Well Contamination | Northampton Co. Planning & Zoning | | 2006 / | | Not Started. Suggest revising description from "both primary and secondary sand dunes" to "the resource protection area." |
| 7 | Enforce buffer zone widths set forth in the zoning ordinance along the bayside and seaside waterfront. | Flood, Erosion, Well Contamination | Northampton Co. Planning & Zoning | | 2006 | Ongoing | Ongoing |

| | | | | | | | |
|----|---|---|------------------------------------|---------------|--|--|--|
| 8 | Revise floodplain management regulations in accordance with new FEMA guidance | Flood Erosion, Well Contamination | Northampton Co. Planning & Zoning | | 2011 / 2012 | Ongoing | Ongoing |
| 9 | Mitigation of flood prone properties (to include, but not limited to acquisition, elevation, relocation, and dry and wet flood proofing of flood prone structures, and mitigation reconstruction for NFIP defined SRL properties only). | Flood | Northampton Co. | | 2011 / Post-declared disaster | Ongoing | Other - A-NPDC requested to provide input. |
| 10 | Send out information encouraging residents to purchase contents and structure flood insurance to all homes and businesses located in the County's regulated flood zones. | Flood | Northampton County Planning | 2006 / Yearly | Other - suggest rewording from " Send out information" to "Notifying and ..." with revision ongoing but please note that the County is not mailing information to residents. | | |
| 11 | Provide updated preparedness information on the County's website to include materials for the Hispanic population. | Coastal Flooding / Sea Level Rise, Coastal Erosion, Saltwater Intrusion, High Wind (Tornado + Thunderstorm), Storm Surge, Extreme Heat, Wildfire, Drought, Severe Winter Weather, Hurricanes / Tropical Storms, Hazardous Materials, Cybersecurity, Pandemic) | Northampton Co. Emergency Services | 2011 / 2007 | Ongoing | Ongoing | |
| 12 | Send out information encouraging residents to purchase contents and structure flood insurance to all homes and businesses located in the County's regulated flood zones. | Flood | Northampton County Planning | 2011 / Yearly | Other - this is the same goal as the first goal. Please delete. | | |
| 13 | Send out information encouraging residents to purchase contents and structure flood insurance to all homes and businesses located in the County's regulated flood zones. | Flood | Northampton County Planning | 2006 / Yearly | Other - suggest rewording from " Send out information" to "Notifying and ..." with revision ongoing but please note that the County is not mailing information to residents. | | |
| 14 | Provide preparedness information on the County's website. | Coastal Flooding / Sea Level Rise, Coastal Erosion, Saltwater Intrusion, High Wind (Tornado + Thunderstorm), Storm Surge, Extreme Heat, Wildfire, Drought, Severe Winter Weather, Hurricanes / Tropical Storms, Hazardous Materials, Cybersecurity, Pandemic | Northampton Co. Emergency Services | 2006 / 2007 | | Ongoing Everbridge sign up via web and social media | EverBridge alert system available |

| | | | | | | | |
|--|--|--|------------------------------------|-------------|---|------------------|--|
| 15 | Retrofit existing emergency shelters against flooding and wind including backup power supplies. | Flood, Wind | Northampton Co. Emergency Services | 2024 | | Ongoing | High school shelter |
| 16 | Identify and mitigate drainage problems at major intersections along Route 13 in Northampton County. | Storm Water Flood, Biohazards | VDOT | 2011 / 2012 | | Ongoing | Maintenance improvements |
| 17 | Work with the Department of Social Services, the Eastern Shore Area Agency on Aging, home health agencies, and other organizations to identify special-needs residents and ensure that responsible parties are notified of potentially hazardous situations. | Coastal Flooding / Sea Level Rise, Coastal Erosion, Saltwater Intrusion, High Wind (Tornado + Thunderstorm), Storm Surge, Extreme Heat, Wildfire, Drought, Severe Winter Weather, Hurricanes / Tropical Storms, Hazardous Materials, Cybersecurity, Pandemic | Northampton Co. Emergency Services | 2011 | | Ongoing | EMS works with agencies pre-storm to identify those in potentially hazardous situations. |
| 18 | Establish and maintain a list of seasonal migrant housing locations. | Coastal Flooding / Sea Level Rise, Coastal Erosion, Saltwater Intrusion, High Wind (Tornado + Thunderstorm), Storm Surge, Extreme Heat, Wildfire, Drought, Severe Winter Weather, Hurricanes / Tropical Storms, Hazardous Materials, Cybersecurity, Pandemic | ESDPC & Northampton Co. | 2011 | | Ongoing | EMS works with VDH to identify locations pre-storm |
| 19 | Consider plan for sheltering of domestic pets. | Coastal Flooding / Sea Level Rise, Coastal Erosion, Saltwater Intrusion, High Wind (Tornado + Thunderstorm), Storm Surge, Extreme Heat, Wildfire, Drought, Severe Winter Weather, Hurricanes / Tropical Storms, Hazardous Materials, Cybersecurity, Pandemic | Northampton Co. Emergency Services | 2011 | | Ongoing | Ongoing |
| NEW 2025 STRATEGIES | | | | | | | |
| COMPLETED OR DELETED STRATEGIES | | | | | | | |
| 1 | Set a regional compatibility standard for emergency communications | ALL | ESDPC | 2006 | | Complete (NG911) | |
| 2 | Upgrade communications systems and provide for backup in the event of a communication failure, provide for interoperability and redundancy | | ESDPC | 2011 | | Complete | |
| 3 | Hire a Public Safety Director | ALL | North. Co. Admin. | 2006 / 2007 | Remove. The County is not considering hiring a public safety director | | Funding |

| | | | | | | | |
|----|---|---|---|-------------|---|-----------|--|
| 4 | Offer County staff free CERT training during office hours in the late afternoon or early morning with the employees using personal time one Saturday to complete the training. | ALL | Northampton Co. Emergency Services | 2006 / 2007 | Remove. The County is not offering staff free CERT training | | Funding, Staff |
| 5 | Recommend that the Town of Cape Charles identify potential shelter locations within the town in case the town becomes isolated during an emergency. | ALL | Northampton Co. Emergency Services | 2006 | Recommend moving this item to the Town of Cape Charles goals not Northampton County goal. | | |
| 6 | The Town of Exmore has expressed interest in solving their drainage issues in their downtown. Produce a drainage and storm water study of the Town of Exmore's flooding issues in downtown. | Hazmat Incidences, Well Contamination, Storm Water Flood, Biohazard | Mayor of Exmore/Town Manager | | 2006 / 2016 | | Other - recommend moving this goal to Exmore. |
| 7 | Conduct a drainage survey of areas East and South of Eastville and the Town of Eastville | Storm Water Flood, Biohazard | Northampton Co. Planning & Zoning | | 2006 / 2008 | | Other - recommend moving this goal to Eastville if within town limits due to annexation. |
| 8 | Retrofit existing emergency shelters against flooding and wind including backup power supplies. | Flood, Wind | Northampton Co. Emergency Services | 2024 | | Completed | |
| 9 | Assess and identify emergency generator power serving public water and wastewater systems for adequacy. | Wind, Ice & Snow, Heatwave | Northampton Co. Public Works Dept. | 2011 / 2011 | Complete as of 2016 | | |
| 10 | Provide preparedness information on the County's website. | ALL | Northampton Co. Emergency Services Coordinator | 2006 / 2007 | Complete - EverBridge alert system available and on website | | EverBridge alert system available |
| 11 | Provide preparedness information on the County's website. | ALL | Northampton Co. Emergency Services Coordinator | 2006 / 2007 | Complete - EverBridge alert system available and on website | | EverBridge alert system available |
| 12 | Incorporate the Eastern Shore of Virginia Hazard Mitigation Plan into the Northampton County Comprehensive Plan. | ALL | Northampton Co. Planning & Zoning | | 2011 / During next Comp. Plan update | Completed | Ongoing, in 2021 draft plan in progress |

| | | | | | | | |
|----|---|------------------------------|-----------------------------------|------|--------------|--|---|
| 13 | Conduct a drainage survey of countywide drainage issues; Develop a comprehensive drainage plan that identifies specific projects to improve drainage. | Storm Water Flood, Biohazard | Northampton Co. Planning & Zoning | | 2006 / 2009 | | Other - recommend deleting comprehensive from the description as it is not feasible. Not Started. |
| 14 | Prepare a letter and package of information to encourage the towns without identified flood zones (Nassawadox, Eastville, Cheriton) to join the National Flood Insurance Program allowing residents with storm water flooding problems to purchase flood insurance. | Flood | Northampton Co. Planning & Zoning | 2007 | Remove goal. | | This was discussed with all Towns during the HMP process |
